Bring the kids to the Mainstation on April 19, when QCYC hosts our club's Annual Children's Easter Party & Easter Egg Hunt. Come early for Willie's breakfast. The fun begins at noon when the Easter Bunny arrives at the 'U'. We welcome the 'Reptile Lady' show of her "slizering" friends from 12:30 p.m. followed by some time to 'visit' with the reptiles! Please bring a bag or basket to collect the eggs at the hunt that will begin at approximately 1:20 pm. ☀️

## Tell Legislators Not to Balance the Budget on the Backs of Boaters & Suppliers

By Bill Gray  
*RBAW Chair*

The Recreation Boating Association of Washington (RBAW) continues to fight the good fight in the 2025 Washington State Legislative Session. RBAW is asking boaters to call their Legislator to stop the Washington State Senate from passing an eleventh hour new luxury tax on watercraft, aircraft and RV's and vehicles over \$500,000 and cars over \$50,000. The first \$500,000 of the purchase price would pay the current sales tax, depending

on where you buy it, of approximately 10%. The amount above \$500,000 would have an additional 10% added. The tax is projected to raised \$90M over six years, not acknowledging proven downside impacts. RBAW needs your help to stop it. RBAW is asking boaters to contact their legislator(s) immediately about this fast-moving and serious proposal out of Olympia. Call the call the Legislative Hotline at 1-800-562-6000 and tell him/her/they/it of the negative impact of this tax on Washington boaters, marine trades, and maritime businesses. Legislators enacted a luxury tax

in the nineties that led to a decrease in boat sales and affected marine jobs and small businesses. It was repealed but it took years for the boating industry to recover. RBAW is coordinating with NMTA and other partners to gather data on how similar taxes have harmed boating industries elsewhere (e.g. British Columbia). At this writing we are hopeful of continued funding for the Lake Bay Marina renewal, "Mind the Zone" on Lake Union, and the Pumpout Washington Project. Revisions to the depreciation schedule governing our annual registration payments will

necessarily await a future legislative session. The good news is that the W' Sound Pump out project will continue with RBAW continued funding to finish building a dedicated pump out vessel. The schedule and intake process will be announced within the next months but is expected to begin before Memorial Day and include Eagle Harbor and Blake Island. Watch this space. For more information on RBAW's legislative agenda, and/or information about securing a personal membership, log onto [rbaaw.org](http://rbaaw.org). 🌊

## Members Volunteer to Support Many March Club Events

By **Doug Genord**  
Commodore

Considering it was offseason, March was a busy month around the club. There are numerous volunteers that helped orchestrate these activities, and they each need to know that the club's Bridge Officers and their fellow members are very grateful for all they have done to make this club special.

We have had a Dock's work party and a couple Grounds work parties. Mardi

Gras parties kicked off the month. There has been a visit to the National Nordic Museum, a New Member Social, our Fleet was Blessed, St. Patrick's Day was celebrated with a Potluck, there was a Novice & Old Timer's Race / Rally and members attended the Women's Interclub Council luncheon. On top of that, we had the Red Cross come by and extract blood from many generous and willing members.

QCYC Bridge Officers were busy this month representing our club at Olympia, Rainier, Edmonds and Everett Yacht Clubs.

Things change a bit in April. There is a lot more attention to getting things ready. For yourselves, it's getting the boat ready for cruising. For the club, it's getting the Mainstation and Outstation ready for Opening Day and the spring and summer seasons. Your time and energy are required for both. Please ask yourself, have I given enough back to the club for all that it has provided me? We hope to see a majority of you helping out these coming weeks to make the effort reasonable for all.

I understand there have been a lot of social

media exchanges regarding club policies. If you are looking for change, I suggest you start by focusing your communication directly to the Bridge Officers either face to face, email or via phone. You can easily contact me at [commodore@queencity.org](mailto:commodore@queencity.org). 

## Ruttens Rise to Lend Volunteer Support Our Club *Year Round!*

By **Denise Lindholme**  
Spotlight Columnist

Now that members have their shiny new annuals in hand, it's time to give a round of applause to Colleen Rutten! She became the Annual Committee chair in 2017. Her committee includes club photographers, proofreaders, office staff and members of the advertising committee, but she dedicates countless hours of her personal time to create the beautiful book we get each year.

You might be surprised to learn that this really is a year-round process, collecting photos from events and new members as they're sworn in each month. Her extra volunteer hours really ramp up October through December, coordinating with a new

commodore and the publisher. In January, Colleen said it turns into a part time job.

Volunteering is a family affair in the Rutten household. When Colleen and Barry joined the club in 2010, they came via the Seattle Boat Show. Without a personal connection or friend sponsoring them, they started volunteering with Friday Night Socials and Opening Day weekend, to get to know people.

As a couple, they served as Fleet Captains and often lent a hand at other events at both the main and outstations.

Barry also chairs the Education (Speaker Series) and New Member Orientation Committees and serves on the Insurance and Planning and Finance Committees. He also served on the Board of Trustees and has headed up the Powerwashapalooza.

Barry said he is "really incredibly appreciative of what came before us." He said that includes both marinas, especially Winslow and that's another reason he said they volunteer.

"It's about leaving the place better than how you found it. Part of the culture of volunteerism, pass that legacy down. I like that there are things that have my fingerprints on them," he said. "I don't need to be the commodore. I like having influence and lasting influence."

Colleen said she really enjoys

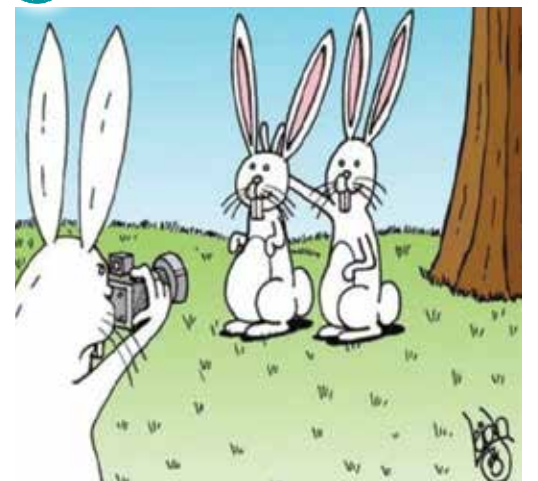

engaging with new members, through her work of gathering photos for the annual. "It makes me feel like I know them and then when I see them, I run over to say hi. That opportunity is a way to recognize them and see their faces," she explained.

Something Barry said always amazes him, that Colleen recognizes people and knows their names, even at a store or setting out of context from the club. There's no way to count the hours Colleen and Barry spend making the club better, we just hope they know they are much appreciated.

# Vice Commodore's **REPORT**

## Optimism, Patience, Flexibility and Planning

By **Doug Wadden**  
Vice Commodore

Change is all around us... literally, all around us. Members returning to a newly rebuilt Dock 3 will see significant changes. Waterfront Construction is projected to complete the project by April 17th and the massive WSDOT Skanska 520 project has approached within a few feet of our docks. What needs to be emphasized is the fact that the 520 project will be with us for another six years, till 2031 according to WSDOT.

During that time, the equipment, barges and workboats will occupy areas formerly used by Queen City for member vessel transit and moorage. In the near term we will experience a loss of one or two slips while at the same time making every effort to continue to provide space for reciprocal privileges for visiting clubs. In addition to member moorage space and club reciprocal needs, we have our annual Opening Day requirements for this nearly week long event, that will compound our transition to a new Dock 3.

We are working diligently, in coordination with the Seattle Yacht Club, to minimize the impact of these projects and arrive at a reasonable solution for all concerned.

The work slips have been moved to the outer end of Dock 3 and will be spaced in

520 Construction Barge Near Dock 3

such a way as to accommodate boats moored in and between them. Commodore Doug Genord and Past Commodore Scott Grimm are working every conceivable configuration to anticipate the demands that Opening Day places on our club and our members, while explaining this unique, historic, annual extravaganza to Skanska and WSDOT.

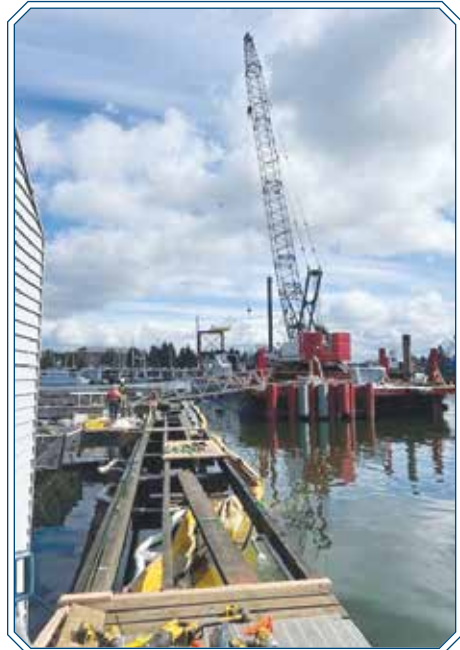

The usual rafting and the new work slip configuration will impact the returning displaced members from Dock 3 and will require some flexibility and planning. When displaced boats return on or about April 18th, we will need to anticipate the arrival of visiting boats on April 30th, rafted to the ends of the work slips and sharing the new power pedestals.

Movement in or out will be limited at best, so everyone needs to plan accordingly. This will be an annual routine starting now and lasting through 2031, assuming that this massive highway construction project is completed on time!

That's right, optimism, patience, flexibility and planning are going to be required as we navigate the stresses and changes that will understandably occur, sometimes with little advance warning. And remember,

# Ceili Dance Lessons & More at QCYC ST. PATRICK'S DAY POTLUCK BASH!

By Lisa Buchheit  
QCYC St. Patrick's Day Social Wrangler

Many thanks to all the members who joined us at the St. Patrick's Day potluck bash! More than 45 members brought in their most scrumptious Irish casseroles and tasty dishes.

We enjoyed seeing the Seattle Irish Dance Company perform several lively Ceili's - then they taught a Ceili dance to our members!

After dining on the abundant buffet, we were entertained by Chuck Gould playing the bagpipes, always a favorite! Paul O'Grimm led the Irish tunes singalong, accompanied by Valerie Ohlstrom and Chuck Gould. Huge thanks to the Hero of the event, Daniel Ray,

for being the Kitchen Master and Top Chef! He did all the heavy lifting and made sure the buffet ran smoothly, and the cleanup complete. It was a cracking good time for all!

A million thanks to Sherry Weiss, Tracy and Wendy Redding for bartending, plus Marcellus Buchheit and Kimberlee Campbell for helping to set up and tear down the decorations!

The Fleet Captains' Blessing of the Fleet prior, and Sunday Brunch the next morning were fabulous - kudos to P/C Terron Lindholme and Denise; and Co-Fleet Captains Chris and Barbara Castrow for a great fleet event! 🚢

this prestigious event, we have good news and bad news. The good news is that we have a full slate of Pitmasters, and more good news is that we have started a wait list in case any space becomes available. Evidently there is NO bad news! If you would like to get on the wait list to be a Pitmaster, please contact P/C Mark Reed or Gary Turner. Also, everyone please remember that the date tickets go on sale online is April 23rd. They will go fast! 🚢

## Join the Outstation Work Party April 11, 12 & 13

By Barb Wood  
Outstation Co-Chair

Summer is right around the corner, and preparations are in place to get your favorite Outstation in shipshape! Every year we start making a list of all the tasks that Members help get accomplished. Old "What's-His-Name" (Outstation Co-Chair, Eric Wood) loves making a list of all the projects, and many Members arrive early so they can choose their favorite task. It has become a favorite weekend for many, believe it or not!

This event takes place April 11, 12 and

13. Some come for the whole weekend, and others come for one day - by boat, vehicle, or helicopter. Friday the 11th is a prep day, Saturday is the busiest day, and Sunday is putting stuff away and cleaning floors and bathrooms. (Of course, Eric's birthday is always celebrated on this weekend so it's also your chance to poke fun at him...)

To thank everyone for their volunteer support, meals will be served Friday night, all day Saturday and breakfast on Sunday morning. My favorite part of the whole weekend is seeing all that was accomplished on Sunday afternoon... See you at Bainbridge! 🚢

## Crew Wanted: Power Washing & the Pride of Queen City

Welcome newest members, Edouard Angus-DePaolo (Eddie) & Tracey Ward

By **Joyce Carlson**  
*Rear Commodore*

“Opening Day” will be here in no time the first week of May. An annual event of five continuous days at the Mainstation where numerous members, yacht clubs and guests are expected. Several months of careful planning and making arrangements have taken place.

Opening Day Chairs Adam and Lori Rosellini ([lorirosellini@comcast.net](mailto:lorirosellini@comcast.net)) would like to see that everyone enjoys themselves as they have worked hard to make that possible. April is THE month where plenty of help is needed by members to prepare and freshen up the club's facilities! Every year there are two major Mainstation events to prepare for the festivities – the Power Washing Palooza

and the Pride of Queen City. Dedicated and knowledgeable House Co-Chairs, Gordy Foote and Greg Hands, are well prepared for these events. They know where the help is needed and will lead us through the areas that need attention.

**Saturday, April 5th**

**Pride of Queen City**

*Simply speaking*  
**“Help Wanted!”**

**Power Washing Palooza** – Saturday, April 5th - At this event, about a dozen or so folks use power washers to clean different areas outside of the clubhouse and club's grounds. There are some 30 areas that need cleaning and include the front and back of the clubhouse as well as the docks grating. Volunteers are asked to bring their own pressure washer, hose and some fuel. However, if one does not have a pressure washer, please let me know and we will make sure one is available.

**Pride of Queen City** – Saturday, April 26th - The Mainstation's Pride of Queen City is the last step that requires numerous volunteers for multiple tasks around the grounds, clubhouse and docks. Gordy and Greg are there to help everyone find a task they would like to do. Supplies and materials will be available at the

clubhouse. Whatever your skill sets are, all the help that can be raised is needed and would be appreciated!

Every year the Pride of Queen City has come shining through. I have mentioned this before, but this is a key event for new(er) members to gain new friendships! Both events start at 9:00 a.m. Breakfast pastries and fruit are served as well as lunch for everyone. Please consider volunteering! Feel free to contact me if you have any questions – [joysea@comcast.net](mailto:joysea@comcast.net), 206.551.6190.

Please RSVP to [rogerdoops@gmail.com](mailto:rogerdoops@gmail.com), and plan to be there at 11 a.m. so we can check in together. 🌊

It's the nominating time of the year for 2025-26! If you or someone you know

Tarettes Women Tour the Nordic Museum & Pose with Troll

would like to be part of our leadership board and advisory board, please let Past President and Nominating Chair, Wendy DeLaunay know of your interest at [wendy@delalaunay.com](mailto:wendy@delalaunay.com) by 5/15/25. Elections will be held in June.

In March we enjoyed a visit to the Nordic Heritage Museum in Ballard followed by lunch at Ray's Cafe on Shillshole Bay. Museum tours will resume in the fall.

Meydenbauer Bay Yacht Club hosted the WIC luncheon on March 20th, we had a great turn out from our club where we listened to author Richard Blumental discuss the history of the waterways around Lake Washington.

Our next WIC luncheon will be April 17th at the Gig Harbour Yacht Club. The Theme is "Easter Baskets" with a competition for best Easter Hat! Cost is \$30, Zelle to Tarettes Treasurer Katherine Dow 425-417-8086 by 4/11/25.

Our next Zoom Book Club meeting will be April 7th, 7pm to discuss last months' book along with "The Magnificent Lives of Marjorie Post" by Allison Pataki. May read is "Horse" by Geraldine Brooks.

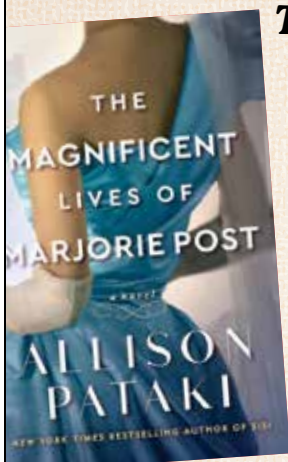

Opening Day Breakfast is Sunday, May 4th. We need volunteers for two shifts from 7:30-9:30 am and 9:30 -11:30 am. Contact VP Lisa Buchheit at [lisabuchheit@me.com](mailto:lisabuchheit@me.com). 🌊

# Lifesling Action Save Sailors During Possession Pt. Race

By Lisa Bucheit & Denise Lindholme

Super scary! 45 minutes in 47-degree water! Two sailors were knocked off a boat during the Corinthian Yacht Club's Possession Pt. Sailboat race. They were fortunate to be rescued by a crew that had practiced man overboard drills. P/C Terron Lindholme has been practicing these drills for years. Do you have all the necessary safety equipment on board? Do you practice how to use it?

The value of the lifesling man overboard personal floatation device was demonstrated during a man overboard situation in a race off Possession Pt. Two persons were in the water, one of whom was reportedly knocked unconscious. The sailboat circled the "victims" — bringing the lifesling line

to them. A Washington State ferry stopped to create a wind break while the rescue took place. Excellent seamanship by all concerned!
